SUBJECT: Safe-To-Fly Concurrence for North American Rescue Talon II Litter

References: HSG/CC Memorandum and HSG/TFL Test Reports for Subject Equipment

1. The KC-10 and C-21 System Program Offices have reviewed the test results and approve the use of subject equipment. The Talon II Litter is a light weight collapsible litter that meets all NATO requirements and meets military and civilian fire safety code requirements. This approval is based on the satisfactory results from a performance baseline assessment, vibration, rapid decompression and environmental testing, and an in-flight assessment.
2. We also concur with the recommendations that the specific part numbers and specifications be incorporated into the current Aeromedical Evacuation command guidance.
3. My POCs on this issue for KC-10 are [REDACTED] and for C-21 i [REDACTED]
