

# FACT SHEET

## U.S. Air Force Fact Sheet AFICA/KM

AFICA/KM, is an Operating Location (OL) of the Air Force Installation Contracting Agency (AFICA), a subordinate unit of the Air Force Installation and Mission Support Center (AFIMSC). AFICA/KM is designated as the on-site contracting staff and execution capability for Air Mobility Command (AMC) and is responsible for eleven contracting units awarding greater than 10,700 contracting actions valued in excess of \$900M. With the support two divisions, AFICA/KM develops and deploys contracting policy, planning and execution processes. AFICA/KM provides contracting and strategic sourcing functions and policies across AMC by reviewing the contracting actions from eleven geographically separated contracting units.

AMC official shields  
(left to right).*

AMC is headquartered at Scott AFB, IL and is the air component of the US Transportation Command. AMC is comprised of a Total Force effort to execute Rapid Global Mobility and enable Global Reach – the ability to respond anywhere in the world in a matter of hours. This is accomplished through AMC’s three core mission areas – Airlift, Air Refueling, and Aeromedical Evacuation.

AFICA/KM acts as the Senior Business Advisors for AMC and brief the AMC/CC and other senior leaders on critical contracting issues and recommend solutions for MAJCOM wide contracting issues and requirements.

AFICA/KM oversees contracting activities for the following locations:

- 628 CONS, Joint-Base Charleston, SC
- 436 CONS, Dover AFB, DE
- 92 CONS, Fairchild AFB, WA
- 319 CONF, Grand Forks AFB, ND
- 19 CONS, Little Rock AFB, AR
- 6 CONS, MacDill AFB, FL
- 22 CONS, McConnell AFB, KS

-87 CONS, Joint-Base McGuire-Dix-Lakehurst, NJ  
-375 CONS, Scott AFB, IL  
-60 CONS, Travis AFB, CA  
-763 SCONS, Scott AFB, IL

**Background:**

In July 2010, the Office of the Secretary of Defense (OSD) directed each Service to gain efficiencies and reduce operational costs. As part of this plan, Air Force Contracting established a Headquarters Air Force level Field Operating Agency (HAF-FOA) on 1 October 2013, to manage and execute above-wing operational contracting including enterprise and strategic sourcing. This FOA, called the Air Force Installation Contracting Agency (AFICA), located at Wright-Patterson Air Force Base (WPAFB), OH; realigned operational contracting staff functions and contracting resources at above-wing contracting execution organizations while maintaining the wing-level “One Wing, One Boss” installation support concept.

In addition to Enterprise Sourcing Squadrons (ESSs), Specialized Contracting Squadrons (SCONS), and Contracting Squadrons (CONS); these Operation Locations (OLs) exist worldwide. There are eight OLs within AFICA.
