U.S. Air Force Fact Sheet AFICA/KT

AFICA/KT, is an Operating Location (OL) of the Air Force Installation Contracting Agency (AFICA), a subordinate unit of the Air Force Installation and Mission Support Center (AFIMSC). Located at Joint Base San Antonio-Randolph, AFB, TX; AFICA/KT is designated as the on-site contracting staff and execution capability for Air Education and Training Command (AETC) to support customer requirements. AFICA/KT provides contract clearance, guidance, and policy oversight to AETC's 12,000 actions and \$1.2B annual obligations executed across AETC operational contracting squadrons. The AFICA/KT delivers world class business advice and contracting solutions for the acquisition of local, regional, and/or strategic enterprise installation management requirements.

AETC is headquartered at Joint Base San Antonio-Randolph near San Antonio, TX, and provides basic military training, initial and advanced technical training, flying training, and professional military and degree-granting professional education. AETC's role makes it the first command to touch the life of nearly every Air Force member.

The AETC mission is to 'recruit, train and educate Airmen to deliver airpower for America'; the AETC vision is 'forging innovative Airmen to power the world's greatest Air Force.'

AFICA/KT acts as the Senior Business Advisors of AETC and brief AMC/CC, as well as other senior leaders, on critical contracting issues and recommend solutions for MAJCOM wide contracting issues and requirements.

AFICA/KT oversees contracting activity for the following locations:

- 338 SCONS (AFICA), JBSA, Randolph, TX
- 502 CONS, JBSA (Fort Sam Houston, Lackland & Randolph), TX
- 14 CONS, Columbus AFB, MS

Background:

In July 2010, the Office of the Secretary of Defense (OSD) directed each Service to gain efficiencies and reduce operational costs. As part of this plan, Air Force Contracting established a Headquarters Air Force level Field Operating Agency (HAF-FOA) on 1 October 2013, to manage and execute above-wing operational contracting including enterprise and strategic sourcing. This FOA, called the Air Force Installation Contracting Agency (AFICA), located at Wright-Patterson Air Force Base (WPAFB), OH; realigned operational contracting staff functions and contracting resources at above-wing contracting execution organizations while maintaining the wing-level “One Wing, One Boss” installation support concept.

In addition to Enterprise Sourcing Squadrons (ESSs), Specialized Contracting Squadrons (SCONs), and Contracting Squadrons (CONs); these Operation Locations (OLs) exist worldwide. There are eight OLs within AFICA.
